## Course Details:

**Name of the course:** AWS certified cloud practitioner-Essential course 2020

**certificate provide:** udemy      **duration:**7.5hrs

Today I have enrolled for “AWS certified cloud practitioner-Essential course 2020” course in udemy of 7.5 hours duration. Today I have learnt some basic concepts of this platform and creating account in AWS website.

The screenshot shows the Udemy course page for "AWS Certified Cloud Practitioner - Essentials Course-2020". The main video player displays the AWS Free Tier page, which includes a "Create a Free Account" button and a section titled "Types of offers". The course content sidebar on the right lists 27 lessons, with the first three being: 21. PAAS - Use Cases (4min), 22. What is Software as a Service? (2min), and 23. What is Shared Responsibility Model? (9min). The course is divided into three sections: Section 2: First Steps into Amazon Web Services (4 / 4 | 29min) and Section 3: Identity and Access Management (IAM) (0 / 5 | 27min). The bottom of the page shows the Windows taskbar with the Start button and a search bar.

**Pre-placement activities: Not held**
